Collection Maritim XL – Cottage planks with deep structure

The **Collection Maritim XL** contains rustic oak floorboards. With a four-sided bevel, each plank is individually accentuated and this gives the entire floor area a very special appearance. The surfaces are also oiled ready to live. Thanks to the special structure, the beauty and expressiveness of the wood is emphasized by our **Loopy-Face® Technology**.

Wood grains thus unfold even more effect and intensify through **Loopy-Face® Technology** the naturally pleasant feel of plank.

This appealing and trend-conscious look of the flooring can also be elegantly integrated into modern home design.

The patented drop-down-click connection ensures quick and easy installation.
