Collection NEW Timed - timeless beautiful plank

The **Collection NEW TIMED** includes rustic oak floorboards with circumferential chamfer. The slightly bevelled edges underline the striking Floorboard look. In addition, thanks to the four-sided bevel, each plank is individually accentuated, giving the entire floor area a very special appearance.

A total of five contemporary oak colors are available. The surfaces are all brushed to emphasize the lively character of the floor.

For a pleasant barefoot feeling, the surfaces are also always oiled ready to live in. The patented drop-down-click connection ensures quick and easy installation.
